Use a ladder, not a chair. Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.

Be aware of your surroundings. You are in an active work area with changing conditions during movein and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for you booth. This can cause serious injury or damage to materials.

We discourage children from being in the exhibit hall during installation and dismantle. If children are present during installation and dismantle, they must be supervised by an adult at all times.

Freeman does not ship or handle Hazardous Materials. If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. In addition, if authorized by the facility and the association, you will need to make separate arrangements for the transport and handling of the approved materials, since Freeman will not transport or handle them.

The operation or use of all motorized lifts and motorized material handling equipment for installation/ dismantle of exhibits is NOT permitted by exhibitors or by their exhibitor appointed contractors (EAC's). Thank you for your cooperation

# **CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK**

Our desire is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer. Two overall considerations for submitting acceptable artwork involves proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to ensure accurate color reproduction.

# PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

Minimum requirements for original artwork, such as logos, when Freeman is providing design and layout:

• 300 dpi resolution at a size of 8 x 10 inches (higher resolution files will result in improved final product)

Minimum requirements for final artwork that Freeman will reproduce exactly as provided:

• 100 dpi resolution at full size of actual finished product

Minimum requirements for both:

- All related PMS and/or CMYK color codes (if submitting CMYK values, please supply accurate color swatches.)
- Accurate color proof print of artwork
- Contact name, phone number and e-mail address of art creator if applicable
- If submitting a "vector" file, include all fonts, or convert fonts to outlines or paths

# ACCEPTABLE FILE SOFTWARE FORMATS

We are capable of working with both PC and MAC based software, and can accept art created with the following software programs (listed in order of preference):

- ADOBE—Illustrator, InDesign, and Photoshop
- COREL DRAW
- QUARK XPRESS

Files should always be saved in their native format.

### **ACCEPTABLE FILE TYPES**

Files that Freeman can use in order of preference, include:

- EPS and AI (especially when submitting logos)
- TIF (especially when submitting photos)
- JPG (provided resolution is high enough for photo images; not recommended for logos)

File types that Freeman cannot use to reproduce high quality graphics include:

- GIF files
- Microsoft Office software files such as Word (.doc), or PowerPoint (.ppt) file types
- · Self-extracting files, such as EXE or SEA files

# WAYS TO SEND ARTWORK

• Artwork files that are of acceptable resolution as listed above will typically be too large to send via email. Files may be saved and sent via overnight delivery on either a CD-ROM or a DVD, along with the hard-printed proof copy. (Floppy disks and zip drives are not a good option for sending large graphics files.)

•Files may also be posted to Freeman's FTP site. You may get the password and other needed information from your Freeman service representative in order to post files. However, a hard copy proof and backup of the files on CD-Rom/DVD are required and must be sent via overnight delivery in addition to posting the electronic files. Please call (210) 227-0341 for assistance.

# SAN ANTONIO, AUSTIN & SOUTH TEXAS AREA

To assist you in planning your show, we would like to provide you with the following information regarding your labor jurisdictions.

## LABOR SERVICE

FREEMAN has exclusive labor to assist with your Installation and Dismantling needs as well as Freight Services. Full time employees with Exhibiting Companies may set their own booths without assistance from our labor.

## MATERIAL HANDLING

FREEMAN is the exclusive provider of freight services. Full time employees of exhibiting companies may move their own materials to their booth space with 2 wheel dollies ONLY. Vehicles being unloaded must be owned or leased and operated by a full time employee of the exhibiting company. No pallet jacks nor motorized forklifts can be operated by anyone other than the Official Freight Service Company. Hotel Bellmen, Porters, Taxi Drivers, Day Laborers, etc. are not allowed on the show floor and cannot move any materials to and from the exhibitor's booth. FREEMAN will control access to the loading docks in order to provide for a safe and orderly move-in/move-out. Exhibitors wishing to move their own materials in or out of the show will be provided a space in the dock area to load or unload their vehicles on a first come basis.

## PLEASE NOTE:

- Please do not tip any employee. Do not give coffee breaks, for union employees have a fifteen minute paid break mid-morning and mid-afternoon. Any attempt by an employee to solicit a gratuity for any service should be reported immediately to Freeman and/or Exhibit Management. Union employees are paid a good wage scale, and tipping is strongly discouraged and is not an accepted policy of any Official Service Supplier.
- If you encounter any difficulty with any laborer, or if you are not satisfied with the work performed, please bring this to the attention of Freeman. Please refrain from voicing complaints directly to craft personnel.
- The person in charge of your exhibit should carefully inspect and sign all work order forms. If there are any questions about any bills, bring the bill to the appropriate Service Desk and discuss it with the person in charge.

# WHAT ARE FREIGHT SERVICES?

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

## How do I ship to the warehouse?

- We will accept freight beginning 30 days prior to show move-in.
- To check on your freight arrival, call Exhibitor Services at the location listed on Quick Facts.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on Quick Facts. Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays. Refer to Quick Facts for warehouse hours. No appointment is necessary.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor setup.
- Please call the number located on Quick Facts if you want to ship oversized material that requires special equipment to the warehouse.

#### How do I ship to show site?

- Freight will be accepted only during exhibitor move-in. Please refer to Quick Facts for the specific exhibitor move-in dates and times.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Certified weight tickets must accompany all shipments.

## What about prepaid or collect shipping charges?

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading "prepaid."
- "Prepaid" designates that the transportation charges will be paid by the exhibitor or a third party.

#### How should I label my freight?

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the warehouse or show site is located on Quick Facts.

#### How do I estimate my Material Handling charges?

- Charges will be based on the weight of your shipment. Each shipment received is considered separately. The shipment weight will be rounded to the next 100 pounds. Each 100 pounds is considered one "cwt." (one hundred weight). All shipments are subject to reweigh.
- On the Order Form, select whether the freight will arrive at the warehouse or be sent directly to show site.
- Next, select the category that best describes your shipment. There are three categories of freight:

**Crated:** material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

**Special Handling:** material delivered by the carrier in such a manner that it requires additional handling, such as ground unloading, stacked and constricted space unloading, designated piece unloading, loads mixed with pad-wrapped material, loads failing to maintain shipping integrity, carpet and/or pad-only shipments, and shipments that require additional time, equipment or labor to unload. Federal Express and UPS are included in this category due to their delivery procedures.

**Uncrated:** material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

 Add overtime charges for inbound if material is delivered to the booth during the overtime period stated on Quick Facts. This includes both warehouse and show-site shipments.

- Add overtime charges for outbound if material is loaded onto the outbound carrier during the overtime period stated on Quick Facts.
- Add the late delivery charge listed on the Order Form if the shipment is accepted at the warehouse or at show site after the deadline date listed on Quick Facts.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.
- Shipments received without receipts or freight bills, such as UPS and Federal Express, will be delivered to the booth without guarantee of piece count or condition.

### What happens to my empty containers during the show?

- Pick up "Empty Labels" at the Service Center. Place a label on each container. Labeled containers will be picked up periodically and stored in non-accessible storage during the show.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

## How do I protect my materials after they are delivered to the show or before they are picked up after the show?

• Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

#### How do I ship my materials after the close of the show?

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Service Center at show site for your shipping documents. The Material Handling Agreement and labels will be processed and available prior to show closing.
- After materials are packed, labeled, and ready to be shipped, the completed Material Handling Agreement must be turned in at the Service Center.
- Call your designated carrier with pick-up information. Please refer to Quick Facts for specific dates and times. In the event your selected carrier fails to show on final move-out day, your shipment will either be rerouted to Freeman's carrier choice or delivered back to the warehouse at exhibitor's expense.
- For your convenience, show-recommended carriers will be on site to handle outbound transportation.

#### Where do I get a forklift?

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Order Form for available equipment.
- Advance and show-site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

#### Do I need insurance?

• Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can be done by riders to your existing policies.

• All materials handled by Freeman are subject to the enclosed Terms and Conditions.

## SPECIAL HANDLING DEFINITIONS

## for frequently asked questions and material handling estimator tools, go to www.myfreemanonline.com

Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, carpet/pad only shipments or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments, and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver.

## What is Ground Loading/Unloading?

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.

## What is Constricted Space Loading/Unloading?

Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

## What is Designated Piece Loading/Unloading?

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

## What are Stacked Shipments?

Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.

## What is Shipment Integrity?

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

## What is Alternate Delivery Location?

Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building, or to other buildings in the same facility.

## What are Mixed Shipments?

Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Freeman defines special handling for mixed loads as having less than 50% of the volume as uncrated.

## What does it mean if I have "No Documentation"?

Shipments arrive from a small package carrier (including, among others, Federal Express, UPS, Airborne Express &DHL) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

## What about carpet only shipments?

Shipments that consist of carpet and/or carpet padding only require special handling because of additional labor and equipment to unload.

## What is the difference between Crated and Uncrated Shipments?

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting bars and hooks.

Freeman shall not be responsible for damage to loose or uncrated materials, padwrapped or shrink-wrapped materials, glass breakage, concealed damage, carpets in bags or poly, or improperly packed or labeled materials. Freeman shall not be responsible for crates and packaging which are unsuitable for handling, in poor condition, or have prior damage. Crates and packaging should be of a design to adequately protect contents for handling by forklift and similar means. Freeman will not accept any crates or packaging containing hazardous materials. Goods requiring cold storage and those in accessible storage are stored at Exhibitor's own risk. FREEMAN ASSUMES NO RESPONSIBILITY OR LIABILITY FOR LOSS OR DAMAGE TO GOODS IN COLD STORAGE OR ACCESSIBLE STORAGE.

3. EMPTY CONTAINERS. Empty container labels will be available at the show site service desk. Affixing labels to the containers is the sole responsibility of Exhibitor or its representative. FREEMAN WILL NOT BE LIABLE FOR LOSS OR DAMAGE TO CRATES AND CONTAINERS OR THEIR CONTENTS WHILE SAME ARE IN EMPTY CONTAINER STORAGE.

4. INBOUND/OUTBOUND SHIPMENTS. There may be a lapse of time between the delivery of shipment(s) to the booth and the arrival of Exhibitor, or a lapse of time between the completion of packing and the actual pickup of materials from the booths for loading onto a carrier and *during such times, Exhibitor materials will be left unattended.* FREEMAN IS NOT RESPONSIBLE OR LIABLE FOR ANY LOSS, DAMAGE, THEFT, OR DISAPPEARANCE OF EXHIBITOR'S MATERIALS AFTER THEY HAVE BEEN DELIVERED TO EXHBITOR'S BOOTH AT SHOW SITE OR BEFORE THEY HAVE BEEN PICKED UP FOR RELOADING AT THE CONCLUSION OF THE EVENT. Freeman recommends the securing of security services from Facility or Show Management. All MHA's submitted to Freeman by Exhibitor will be checked at the time of pickup from the booth and corrections will be made where discrepancies exist between the quantities of items on any form submitted to Freeman and the actual count of such items in the booth at the time of pickup.

5. DELIVERY TO THE CARRIER FOR RELOADING. Freeman assumes no responsibility for loss, damage, thetf, or disappearance of Exhibitor's materials after same have been delivered to Exhibitor's appointed carrier, shipper, or agent for transportation after the conclusion of the show. Exhibitor agrees that any and all claims for loss or damage must be submitted to Freeman immediately at the show site, and in any case not later than *thirty (30) business days* after the conclusion of the show or exposition. (For purposes of claim reporting, the "conclusion" of the show shall be construed as the time when Exhibitor's materials are delivered to the carrier for transportation from the show site or from Freeman's warehouse). All claims reported after thirty (30) days will be rejected. In no event shall a suit or action be brought against Freeman *more than two (2) years* after the date of loss or damage occurred.

If EXHIBITOR provides a credit card for payment and charges are rejected by the EXHIBITOR'S credit card company for any reason, FREEMAN hereby provides notice that it reserves the right, and EXHIBITOR authorizes FREEMAN, to continue to attempt to secure payment through that credit card for as long as unpaid balances remain on the EXHIBITOR'S account.

ACCD will submit the floor plans and event pre-planning documents to the Austin Fire Department's Fire Marshal for approval. An approved copy will be provided to the event client. # FREEMAN TERMS & CONDITIONS

YOU ARE ENTERING A CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE. The terms and conditions set forth below become a part of the Contract between Freeman and you, the EXHIBITOR. Acceptance of said terms and conditions will be construed when any of the following conditions are met: THE METHOD OF PAYMENT FORM IS SIGNED; OR AN ORDER FOR LABOR, SERVICES AND/OR RENTAL EQUIPMENT IS PLACED BY EXHIBITOR OR WORK IS PERFORMED ON BEHALF OF EXHIBITOR BY LABOR SE-CURED THROUGH FREEMAN.

#### DEFINITIONS

For purposes of this Contract, "Freeman" means Freeman Decorating Services, Inc. ("FDSI"), Freeman Decorating Ltd. Freeman Audio Visual Solutions, Inc., and their respective employees, directors, officers, agents, assigns, affiliated companies, and related entities. The term "Exhibitor" means the Exhibitor, its employees, agents, representatives, and any Exhibitor Appointed Contractors ("EAC").

#### **PAYMENT TERMS**

Full payment, including any applicable tax, is due at the time the order is placed. Purchase orders are not considered payment. All payments must be in U.S. funds and all checks must be drawn on a U.S. bank. Orders received without advance payment or after the deadline date will incur additional After Deadline charges as indicated on each order form. All materials and equipment are on a rental basis for the duration of the show or event and remain the property of Freeman except where specifically identified as a sale. All equipment rentals are based on Show Rates and apply only to Show Days. Rental prices on Audio Visual equipment (including computers) do not include labor, delivery, electrical services or removal of the equipment from the booth. Exhibitor agrees to use all rental equipment with reasonable care to prevent excessive wear and tear and/or damage to Freeman's property. Exhibitor will notify Freeman immediately of any damage to rental equipment and agrees to be billed for any damage to, or loss of, rental equipment rented to Exhibitor. In case of cancellation of any labor orders by Exhibitor, a one-hour "per person, per hour" charge will be applied for all labor and equipment orders that are not canceled in writing at least 24 hours prior to the scheduled start time. If Prestige Carpet, Custom-Cut Carpet, Modular Rental Exhibits, Audio Visual and/or Computer Equipment and any other custom-order items or services have already been provided at the time of cancellation, fees will remain at 100% of the original charge. If the Show or Event is canceled because of reasons beyond Freeman's control, Exhibitor remains responsible for all charges for services and equipment provided up to and including the date of cancellation. Freeman will not issue refunds to Exhibitor of any payments made before the date of cancellation. It is Exhibitor's responsibility to advise the Freeman Service Center Representative of problems with any orders, and to check the Exhibitor's invoice for accuracy prior to the close of the Show or Event. If Exhibitor is exempt from payment of sales tax, Freeman requires an exemption certificate for the State in which the services are to be used. Resale certificates are not valid unless Exhibitor is rebilling these charges to its customers. For International Exhibitors, Freeman requires 100% prepayment of advance orders, and any order or services placed at show site must be paid at the show. For all others, should there be any preapproved unpaid balance after the close of the show: terms will be net, due and payable in Dallas. Texas upon receipt of invoice. Effective 30 days after invoice date, any unpaid balance will bear a FINANCE CHARGE at the lesser of the maximum rate allowed by applicable law, or 1.5% per month, which is an ANNUAL PERCENTAGE RATE of 18%, and future orders will be on a pre-paid basis only. If any finance charge hereunder exceeds the maximum rate allowed by applicable law, the finance charge shall automatically be reduced to the maximum rate allowed, and any excess finance charge received by Freeman shall be either applied to reduce the principal unpaid balance or refunded to the payer. If past due invoices or invoice balances are placed with a collection agency or attorney for collection or suit, Exhibitor agrees to pay all legal and collection costs. THESE PAYMENT TERMS AND CONDITIONS SHALL BE GOVERNED BY AND CONSTRUED IN ACCOR-DANCE WITH THE LAWS OF THE STATE OF TEXAS. In the event of any dispute between the Exhibitor and Freeman relative to any loss, damage, or claim, such Exhibitor shall not be entitled to and shall not withhold payment, or any partial payment, due to Freeman for its services, as an offset against the amount of any alleged loss or damage. Freeman reserves the right to charge Exhibitor for the difference between the Exhibitor's estimate of charges and the actual charges incurred by Exhibitor, or for any charges that Freeman may be obligated to pay on behalf of Exhibitor, including without limitation, any shipping charges. If Exhibitor provides a credit card for payment and charges are rejected by the Exhibitor's credit card company for any reason, Freeman hereby provides notice that it reserves the right, and Exhibitor authorizes Freeman, to continue to attempt to secure payment through that credit card for as long as unpaid balances remain on the Exhibitor's account. Exhibitor hereby grants a lien on its property in Freeman's possession to the extent of any outstanding obligations owed to Freeman by Exhibitor.

LABOR UNDER SUPERVISION OF EXHIBITOR: Exhibitor shall be responsible for the performance of labor provided under this section. It is the responsibility of Exhibitor to supervise labor secured through Freeman in a reasonable manner as to prevent bodily injury and/or property damage and also to direct them to work in a manner that is in compliance with Freeman's Safe Work Rules and/or Federal, State, County and Local ordinances, rules and/or regulations, including but not limited to Show or Facility Management rules and/or regulations. It is the responsibility of Exhibitor to check in with the Service Desk to pick up labor, and to return to the Service Desk to release labor when the work is completed. **INDEMNIFICATION:** Exhibitor agrees to indemnify, hold harmless, and defend Freeman from and against any and all demands, claims, causes of action, fines, penalties, damages, liabilities, judgments, and expenses (including but not limited to reasonable attorneys' fees and investigation costs) arising out of work performed by labor provided by Freeman but supervised by Exhibitor. Further, the Exhibitor's indemnification of Freeman includes any and all violations of Federal, State, County or Local ordinances, "Show Regulations and/or Rules" as published and/or set forth by Facility or Show Management, and/or directing labor provided by Freeman to work in a manner that violates any of the above rules, regulations, and/or ordinances.

#### Service Access/Power Distribution Box Information

The Austin Convention Center has utility service access located in the floor 30' apart. These show up on the floor plan as small squares. Contact your Show Manager to obtain a show floor plan. A power distribution box spreads electrical power to the booths. It is approximately  $24'' \times 18'' \times 6''$  with a 5' long, 2'' thick cable plugged into the service hatch. We plug twist-lock extension cords in to the distribution boxes and run cords to your booth.

If its location is inconvenient, we can usually reposition the box or cover it. We can also remove it provided no other exhibitors are powered by it, but this restricts the amount of power we can deliver and may require sharing of electrical circuits. In addition, we will assess an additional charge for labor if you elect to have it replaced. Please call prior to your event if you have any questions.

## Installation Notice Effective October 2012

## Wi-Fi Operating Guidelines Effective October 2012

The Austin Convention Center Department [ACCD] is the exclusive provider for wired and wireless [Wi-Fi] services for the Austin Convention Center and Palmer Events Center. The ACCD Wi-Fi service offers internet access at speeds of up to 2 Mbps servicing clients, exhibitors and attendees.

Wireless internet service is vulnerable to interference from other wireless devices such as Wi-Fi routers, wireless cameras, cordless phones and personal Wi-Fi hotspots. Wireless users in the Exhibit Halls may experience higher levels of interference due to the nature of the event and any electronics/equipment that may be a part of a product demonstration or display. If you are conducting a product demonstration, presentation or streaming video over the internet, we strongly recommend the purchase of a wired internet connection.

ACCD requests your cooperation in eliminating/minimizing the use of these devices to improve the quality of wireless services in our facilities.

For additional information regarding our Wireless (Wi-Fi) Operating Guidelines, please contact the ACCD Exhibitor Services Division at 512-404-4000.

Thank You, Exhibitor Services Division Austin Convention Center Department

## **Fire Exhibit Regulations for Assembly Occupancies**

The information contained in this brief outline does not by any means thoroughly cover the criteria and standards contained in the Uniform Fire Code, as adopted by the City of Austin, but it does provide the fundamental rules governing exhibits in any building open to the public.

The following entities are responsible for ensuring all regulations are followed: facility client, exhibitors, service contractors and the Austin Convention Center Department (ACCD). It is a requirement that ACCD reviews all event pre-planning documents and floor plans and is the only entity that can submit these documents to the Austin Fire Department for final review and approval.

Remember, the fire codes for Austin may be different from other cities, and exhibitors will be respon- sible for complying with the Uniform Fire code. ACCD will take reasonable steps to ensure that you are allowed to display your products effectively, as long as it does not create a fire or life safety hazard to you, other exhibitors or people attending the exhibit.

- 1. Floor plans for all shows are to be submitted to ACCD for review and approval. ACCD will sub- mit the floor plans and event pre-planning documents to the Austin Fire Department's Fire Marshal for approval. An approved copy will be provided to the event client. A copy of the approved plans must be available on-site.
- 2. No display or exhibit shall be installed or operated as to interfere with access to or with the visibility of any required exit or exit sign, nor shall any display block access to fire equipment.
- 3. Any exhibit containing a roofed area of 100 square feet or more requires a fire extinguisher to be displayed at such exhibit.
- 4. All exhibit booths must maintain clear and appropriate exits from the booth. Any booth of 750 square feet or more must have a minimum of two exits as far from each other as possible.
- 5. Displays with any type of cover, e.g., tents, buildings, awnings, etc. must be 300 square feet or less; if larger than 300 square feet they must meet the following regulations:
  - a) A single level or multi-level exhibit larger than 300 square feet with a covered ceiling requires protection from an automatic extinguishing system.
  - b) A booth with an open grate style ceiling does not have to meet this requirement. If there is any question, please forward a copy of the booth plans for ACCD and Fire Department review.
  - c) The upper deck of the multi-level exhibit must have a minimum of two exits as far from each other as possible. If only one (1) exit, the second level is limited to seven (7) people at a time.
- 6. The storage of crates and combustible materials not on display (including packing materials) is not permitted inside the facility, on the dock or at dock bays. Limited empty crate storage is provided and confined to the area authorized by the Fire Marshal.
- 7. All curtains, drapes, any merchandise or material attached to drapes or table skirts, decorations and decorative or construction materials are to be non-combustible or flame-retardant. Documentation affirming non-combustible or flame-retardant properties must be available on-site.
- 8. Combustible waste is to be collected as it accumulates and should be stored in a non-combustible covered container which is emptied at least once a day.
- 9. The use of open flames, burning or smoke-emitting materials (candles, incense, lanterns) are not permitted in the facility.

- 10. Electrical equipment is to be installed, operated and maintained in a manner which does not create a hazard to life or property.
- 11. Whenever, in the opinion of the Austin Fire Department, it is essential for public safety in any place of public assembly, the owner, agent or lessee shall employ one or more qualified persons to be on duty. These individuals shall be subject to the Austin Fire Department's orders and shall be in uniform and remain on duty during the times such places are open to the public. Any fees are the responsibility of the client.

  - e) Welding or cutting equipment for show set-up or for demonstration purposes
  - f) Gas-fired appliances for demonstration purposes
  - g) Salamander stoves
  - h) Compressed gas cylinders. If approved, cylinders are to be firmly secured in an upright position.
